

APPLICATION FOR CHARTER SCHOOL PRELIMINARY APPORTIONMENT**SCHOOL FACILITY PROGRAM**

SAB 50-09 (NEW 01/03)

GENERAL INSTRUCTIONS

This Form is used to request a preliminary apportionment for the new construction of charter school facilities. This Form may be submitted by either a charter school directly or by a school district on behalf of a charter school, provided the school is within the geographical boundaries of the district. The apportionment will be a reservation of funds for the project to allow time to receive the necessary approvals from other State entities and shall be converted to a Final Charter School Apportionment based on Sections 1859.165 through 1859.166.1.

The charter school must assign a Project Tracking Number (PTN) to this project. The same PTN is used by the OPSC, the Division of the State Architect (DSA) and the California Department of Education (CDE) for all project applications submitted to those agencies, which assist those agencies to track a particular project through out the entire state application review process. If a PTN has already been assigned to this project by prior submittal of the plans and specifications to either the DSA or the CDE for approval, use that PTN for this application submittal. If no PTN has been previously assigned for this project, a PTN may be obtained from the Office of Public School Construction (OPSC) Web site at www.opsc.dgs.ca.gov "P.T. Number Generator." (Obtain from school district.)

Prior to submitting this Form, the Board must determine or adjust the appropriate district's eligibility for new construction funding on the Form SAB 50-03. If the district that is providing eligibility to the charter school has a pending reorganization election that will result in the loss of eligibility for the proposed project, the district may not file this application until the Board has adjusted the district's new construction baseline eligibility as required in Section 1859.51. This may be accomplished by completion of Form SAB 50-01, Form SAB 50-02, and Form SAB 50-03. The following documents must be submitted with this Form (as appropriate):

- Form SAB 50-01, Form SAB 50-02 and Form SAB 50-03 (if not previously submitted by the school district).
- An Appraisal or Preliminary Appraisal of the property, or documentation supporting the Median Cost of the property, if requesting site acquisition funds. See Section 1859.145.1(a).
- Supporting documentation for relocation expenses and Department of Toxic Substance Control (DTSC) costs, if requesting amounts other than the 21 percent standard allowance. See Section 1859.145.1(b).
- A cost estimate for site development using the historical data of School Facility Program projects within the district or adjacent school districts within the General Location, if requesting amounts other than the standard allowance of \$70,000 per acre. See Section 1859.145(d).

For a complete list of the application submittal guidelines, consult the OPSC Web site at www.opsc.dgs.ca.gov.

If the charter school or district is requesting a Preliminary Apportionment after the initial baseline eligibility was approved by the Board and the district's current California Basic Education Data System (CBEDS) enrollment reporting year is later than the enrollment reporting year used to determine the district's baseline eligibility or adjusted eligibility, the district must complete a new Form SAB 50-01, based on the current year CBEDS enrollment data, and submit it to the OPSC with this Form. The district must also update its eligibility by separation of Special Day Class from regular K-12 grade level pupils by submitting a revised Form SAB 50-02 and Form SAB 50-03, if it has not already done so. A Small School District with 2,500 or less enrollment as defined in Section 1859.2 will have its eligibility adjusted as provided in Section 1859.51(j).
